/\* This page allows users to share their feedback about events they have attended. It includes a form for users to submit their comments or suggestions, which are then stored in the system. The feedback collected helps event organizers improve the quality of future events.\*/

## Styles.css:

A screenshot of a code editor window titled 'styles.css'. The editor has a menu bar with 'File', 'Edit', and 'View'. The code is written in CSS and defines styles for various parts of a website, including the body, header, navigation, main content area, footer, event cards, and buttons. The code is as follows:

```
/* General Styles */
body {
  font-family: Arial, sans-serif;
  margin: 0;
  box-sizing: border-box;
  text-align: center;
}

header {
  background-image: url('background-image2.jpg');
  color: #fff;
  padding: 10px 20px;
  text-align: center;
}

header nav a {
  color: white;
  margin: 10px;
  text-decoration: none;
}

main {
  padding: 20px;
}

footer {
  background-color: #333;
  color: #fff;
  text-align: center;
  padding: 0px;
  position: fixed;
  bottom: 0;
  width: 100%;
}

.event-card, .event-listing {
  padding: 15px;
  margin: 15px;
  box-shadow: 2px 2px 8px #aaa;
}

.button {
  background-color: #007BFF;
  color: white;
  padding: 10px 15px;
  text-decoration: none;
  border-radius: 5px;
}
```

/\*The styles.css file is the stylesheet for the Event Management System, responsible for defining the visual appearance and layout of the website. It applies consistent formatting, colors, and spacing to all the pages, ensuring a user-friendly and aesthetically pleasing interface. Below is a detailed description of its purpose and content:\*/
